SEPTEMBER CLUB MEETING:

The September meeting of the KY Mountains ARC will be on Monday, September 12th., at 6 PM, at the National Guard Armory in Hazard. We will have the Perry Co. Emergency Manager present, and also have several other items for the meeting.

The Armory was booked for another purpose for our Hamfest Date of October 29th., so we have reserved the Senior Citizens' Center, in the Perry County Park as the site for this year's Hamfest. The room should be plenty big enough for the Hamfest activities, but we are looking at another nearby site for the meeting portion and the exam session of the Hamfest. If we need to do so, we can have the exams in the afternoon at the Center, since it is reserved for the full day.

We will set up for the Hamfest on Friday afternoon and will probably need to find some more tables than those available at the center. We have many details to discuss at the meeting regarding the Hamfest and the upcoming year for the club, such as projects we want to and other activities.

All in all, the club had a good year this past year, with successful projects, a good Hamfest, and a good Field Day. Unfortunately, the winter weather didn't cooperate very well during the winter season, and we had to miss several meeting dates. Hopefully, the weather will cooperate this year.

We hope all members will attend Monday night for the kickoff of a new club season.
